The creativity was showcased in the different ceremonies where a unique theme was designed for each ceremony. It took months of planning and frequent travels between Dubai and India to put the whole wedding event together. R.S.V.P of the guests started 3 months prior to the wedding. Hospitality for the guests, from the rooming to the arrivals and departures of the guests and logistics was all taken care of without a glitch. The event & show, décor & production and hospitality services were flawlessly executed by a group of dedicated team of 40 by Wedniksha

The Wedding
The wedding was a fusion of contemporary and traditional elements and the Burj-Al-Arab was at the backdrop of the beautiful ceremony.
